Standard: Single / Reverse reads correctly on front & reversed on the back. These are recommended for better wear & flying ability.

Double Sided Flags read correctly on both sides. These flags are made by sewing two single flags back-to-back. The flag is much heavier and harder to fly. This thickness is not recommended for outdoor use.

Single Sided Flags/Banners have an image on the front and no image on the back. This is due to a lower penetrable material.

Delivery Time:
Standard delivery is 2-3 weeks from time paid order and artwork in the correct format is received

Rush Service available:
4-5 days: add a 50% Rush charge + overnight air shipping charges
2-3 days: add 100% Rush charge + overnight air shipping charges

FRINGE

Uncommon USA, Inc. Custom Flag Artwork Policies

- If artwork is too large for email, you can send it at no charge through www.yousendit.com.
- To ensure high-quality printing, artwork must be provided in VECTOR FORMAT saved as an Adobe Illustrator CS3 or less file (.ai, .pdf, .eps) file for Windows.
- Outline fonts or include the font files for exact match.
- If the artwork file is saved as an image (.jpg, .psd, .tiff or .gif) the image must be saved at least at 300 dpi at 1:10 scale for a 3'x5' flag to guarantee a clear image.
- We will try to match colors as close as possible. For specific colors, PMS solid coated colors are required. If PMS color codes are not supplied, we cannot be held responsible for the color match once the product is manufactured.
- If vector artwork is not available, you can use www.camerareadyart.com to get your artwork converted for a reasonable fee.
- In house art charges are \$50.00 per hour.
- If artwork is not in the required format and/or you only have an existing product, please send the product and assume that the art charges will apply. If artwork must be recreated/redrawn, and art charge will incur.
- Price Will be confirmed prior to the creation of artwork upon customer approval.
- Final proof of layout will be emailed and will require customer's final approval prior to production.
- Alterations to proofs may incur additional charges.
